Re: Your File 383
and Your Case 23

Gentlemen:

I have just received your Notice of Hearing, Case 23, scheduled for March 15, 1967 at 2:30 P.M. to consider the Commission's prematurely issuance of Permit 383 to Henderson Operator Company.

Request is hereby made that said permit be withdrawn or withheld, pending the outcome of the subject Hearing. It is contended that if this action is not taken, irreparable injury could result to the parties involved. Proof of this withdrawal or withholding is requested when this action is taken. Again I point out that time is of the essence.

Respectfully submitted,

James R. Pickett

James R. Pickett

383

RECEIVED
MAR 3 1967
STATE O & G
CONS. COMM.

March 2, 1967

Memo to: Commissioners
From: John Bannister, Executive Secretary

Enclosed please find Notice of Hearing, Case 23, to be held in the Commission meeting room on Wednesday afternoon, March 15, 1967, at 2:30 p.m.

Please be advised that on March 1, 1967 Mr. C.T. Henderson was issued Permit 383 by this office under the name of Henderson Operator Company for the drilling of the Henderson Operator #1 State 8665 well. This well is located in the W/2NW/4 16-18N-25E, Apache County.

At this time Mr. Henderson furnished to this Commission an application to drill the well, a bond properly executed, the necessary filing fee, organization report, and designation of operator.

There was not submitted at this time a survey plat of the well location. Mr. Henderson explained that the plat of the surveyed location would be furnished to this office in the immediate future, but requested that he be allowed to proceed with this well inasmuch as a rig and crew were awaiting orders to commence.

It was my judgment that his request could be met, and I consequently issued the permit without having the survey plat in my hands.

It is my understanding that Mr. Pickett does claim some interest in the lease. However, I do not know the nature of his claim.

Mr. Pickett is attacking, as you can see by the attached copy of letter, the issuance of this permit inasmuch as the plat was not in at this time.

I have discussed this matter with the Attorney General and he advises that the hearing should be granted and advised that we secure service of publication by certified letters to all known parties of interest. This step has been taken.

383

For your information, Lease 8655, the lease in question, was issued January 10, 1964 to Mr. J. Ewing Walker of Oklahoma City. On March 29, 1965 the lease was properly assigned to Betty Hairston (The State Land Department advises that she is a nominee of James R. Pickett). Also on March 29, 1965 the lease was assigned from Betty Hairston to R.A. Karlson.

The State Land Department recognizes the lessee of record as being Robert A. Karlson at this time.

There is also filed in the lease records an affidavit of ownership by James R. Pickett, claiming ownership of the lease in question, and there is also a letter signed by Robert A. Karlson, et ux, setting forth ownership of the captioned lease in the names of four different couples.

The State Land Department does not recognize either of these latter two instruments.

Each person appearing in the chain of title has been notified of the hearing.

It is requested that you allow yourself sufficient time to also be present at this hearing Wednesday afternoon.

Memo to: Henderson Operator #1 State 8665
W/2 NW/4 16-18N-25E, Apache County
Permit 383

On Thursday, March 2, 1967, at 9:45 a.m., Mr. James R. Pickett appeared in this office and orally objected to the issuance of the captioned permit on the grounds there was failure to comply with the regulations in that the survey plat, as specified in Rule 102, was not a portion of the file.

It was explained to Mr. Pickett that the survey plat would be forthcoming and that the Commission issued the permit so as not to unduly delay the drilling of this well.

At this time Mr. Picket was orally notified that the Commission would not withdraw the permit.

While in the office Mr. Pickett made a written request for hearing. See his letter this date. (Case 23).

NOTICE OF HEARING

CASE 23

NOTICE is hereby given that the Oil and Gas Conservation Commission, State of Arizona, will hold a hearing on the motion of Mr. James R. Picket, on March 15, 1967 at 2:30 p.m., in Room 204, 1624 West Adams, Phoenix, Arizona, to consider the Commission's action in issuing Permit 383 to Henderson Operator Company for the drilling of the Henderson Operator #1 State 8655 well, located in the W/2 NW/4 16-18N-25E, Apache County, State of Arizona, said permit being dated March 1, 1967.

Attention: Mr. John Bannister, Executive Secretary

Re: Your file and Permit 383
Issued to Henderson Operator Co.

Gentlemen:

I hereby object to the issuance of the above permit and request that it be disapproved and/or approval withdrawn for the following reasons:

(1) This permit was prematurely issued inasmuch as one of the requirements of the Commission's Rules and Regulations was not complied with, that is, the permit was issued before receipt by the Commission of a certified survey plat by a registered surveyor showing legal location of the well.

(2) There is a legal cloud on the title to the lease on which the well is proposed, and

(3) The permit for the proposed well is in violation of the Commission's Rules and Regulations regarding spacing.

Again, I request that this permit be withheld or disapproved pending settlement of one or more of the above reasons for this request.

Further, a hearing is hereby requested to determine any or all of said objections. Inasmuch as time is of the essence, the Commission is requested to hold said hearing as soon as possible.

Thank you for your consideration.

Very truly yours,

James R. Pickett
