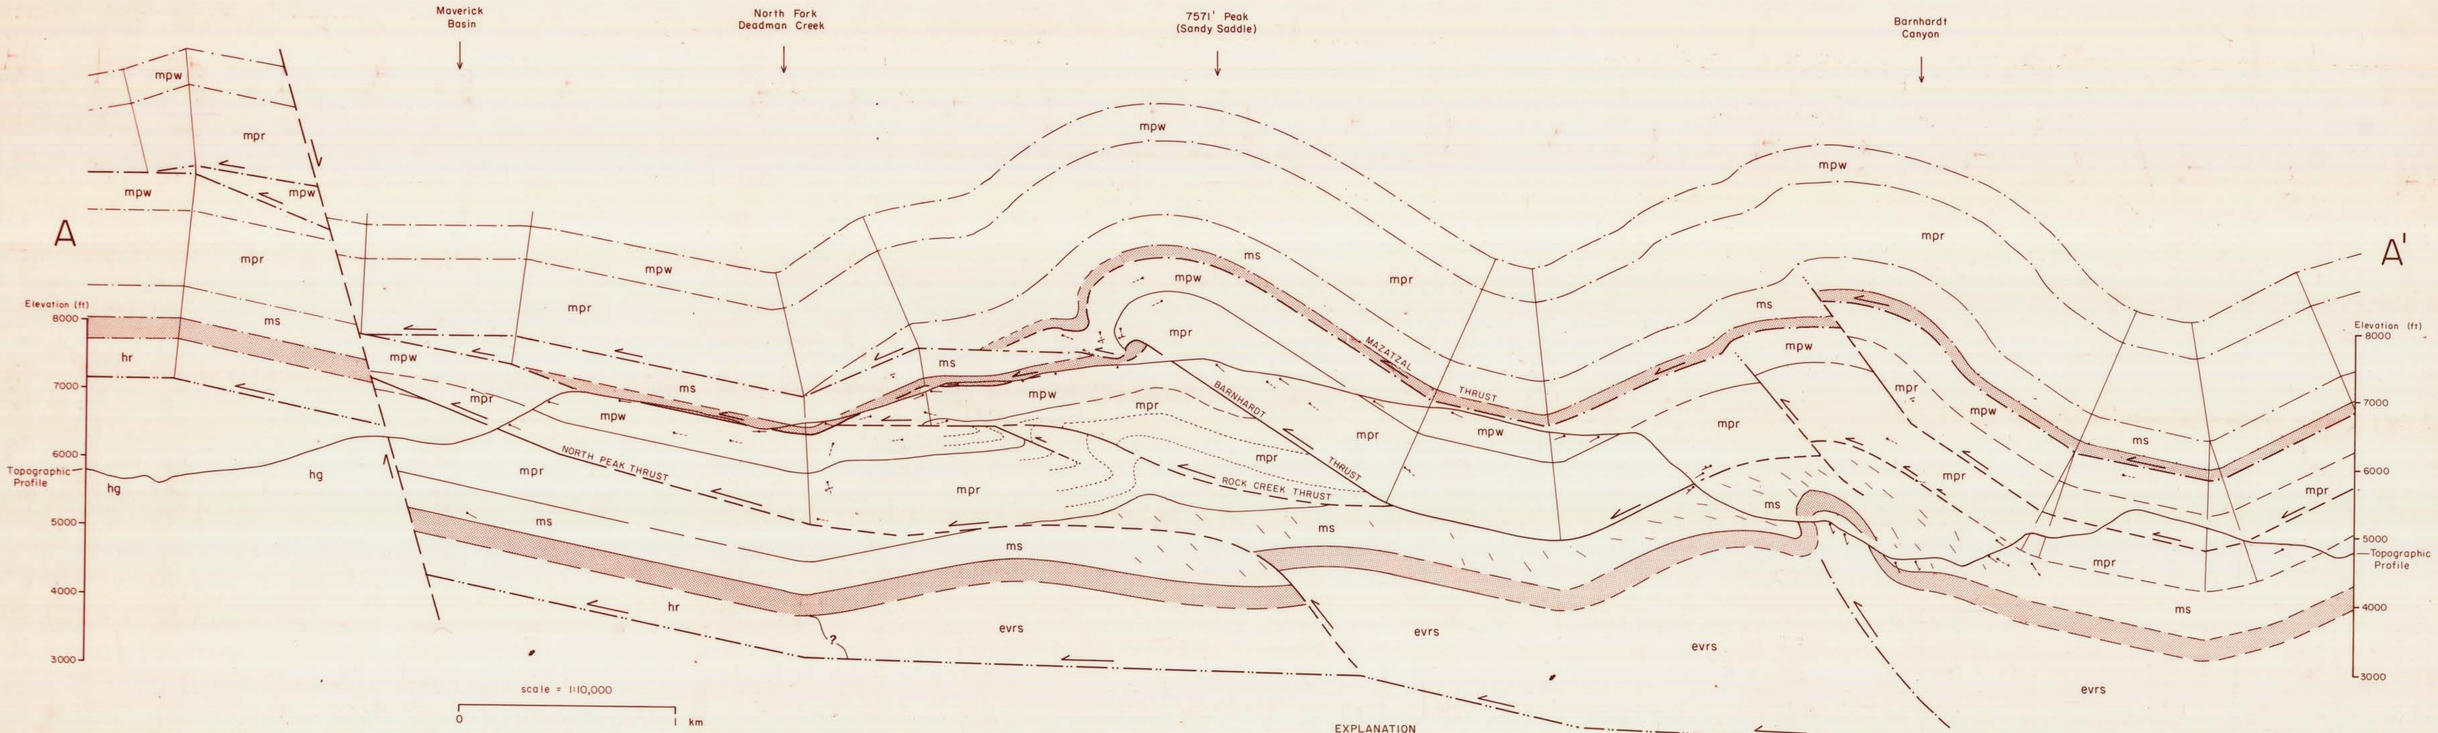
PLATE II

# BALANCED GEOLOGIC CROSS-SECTION A-A'



scale = 1:10,000

0 1 km

no vertical exaggeration

## EXPLANATION

lines:

- lithologic contact
- fault contact
- axial surface

reliability:

- known contact or structure
- approximate located contact or structure
- inferred contact or structure
- conjectural contact or structure from geometric analysis

symbols:

in section line

projected up or down plunge from map data

- apparent dip of bedding
- apparent dip of overturned bedding
- apparent dip of thrust surface
- apparent dip of cleavage
- trace of cleavage
- schematic trace of bedding

*for additional explanation see Geologic Map, Plate I
