Form O&G 56

Form Prescribed Under Oil and Gas Conservation Act of 1951

ABANDONMENT AND PLUGGING RECORD

(Within thirty days after the plugging of any well has been accomplished, the owner or operator thereof shall file this form with the Commissioner, setting forth in detail the method used in plugging the well.)

PLUGGING METHODS AND PROCEDURE-- The methods and procedure for plugging a well shall be as follows: (a) The bottom of the hole shall be filled to, or a bridge shall be placed at, the top of each producing formation open to the well bore, and in either event a cement plug not less than fifty (50) feet in length shall be placed immediately above each producing formation open to the well bore when ever possible.

(b) A cement plug not less than fifty (50) feet in length shall be placed at approximately fifty (50) feet below all fresh-water-bearing strata,

(c) A plug shall be placed at or near the surface of the ground in each hole.

(d) The interval between plugs shall be filled with heavy-mud-laden fluid,

(e) An uncased hole shall be plugged with heavy mud up to the base of the surface string, at which point a plug of not less than fifty (50) feet of cement shall be placed.

November 10, 1977

Mr. George Pupich  
3090 E. Cumberland Ct.  
Westlake, Calif. 91361

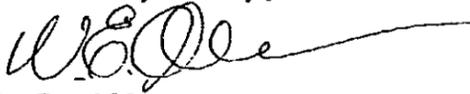

Dear Mr. Pupich:

Concerning your inquiry of November 6, 1977, there have been three wells drilled approximately three miles north of Pirtleville. Two of these wells were drilled by W. D. Owen and designated Bruno Nos. 1 and 2. The No. 1 well was drilled in the southwest of the southeast quarter of sec. 27, Township 23 South, Range 27 East and reached a total depth of 680 feet. The No. 2 well was drilled in the northwest of the northwest quarter of sec. 34, Township 23 South, Range 27 East.

Cochise Oil Company drilled the Goldman No. 1 well to a total depth of 1,000 feet. This well was also located in the northwest of the northwest quarter of sec. 34, Township 23 South, Range 27 East. Upon completion of this well it was turned over to Mr. J. E. Goldman of Douglas, Arizona, to be used as a water well.

The two Bruno wells were drilled in 1947 and 1948. The Goldman well was drilled in 1955-56. This is about all the information we have on these holes. We hope it will be of some benefit to you.

Yours very truly,

  
W. E. Allen  
Director  
Enforcement Section

RECEIVED

NOV 10 1977

O & G CONS. COMM.

To Whom It May Concern,

A Mr. A.K. Doss, Director of the State Mineral and Energy Division, informed me that your commission might be able to answer some questions I have concerning real estate in Arizona.

My Uncle owns some open ground located very close to Fort Huachuca, Arizona (north and east of Douglas, Arizona). Approximately 15 to 20 years ago there was some exploratory drilling done on the property. My Uncle does not know exactly when it was done or by whom, but it was definitely drilled. The tax bills identify the property as follows:

County	Roll #	Sec/TR	TWNS/BLK	Range/Lot	Acreage
Cochise	88254	00	001	003	Calumet Lots 1 2 3 BLK 1
"	88255	00	001	004	" " 4 5 + 6 " 1
"	88256	00	001	007	" " 7 8 + 9 " 1
"	83965	0033	023	027	NW NW Sec 33 23 27 40.00 ac

If there is any specific or general information on this drilling or the property area, whether it be documents, maps, etc., I would like to have it. If you don't have this information, do you know of any public or private organization that might help?

Thanks in advance for your help in this matter.

Sincerely,  
George Pufich

STATE LAND DEPARTMENT

BOND FOR DRILLING OIL OR GAS WELL

3-30

State of Arizona )  
County of Maricopa )

KNOW ALL MEN BY THESE PRESENTS:

That we, EDWARD G. WIRICK,

hereinafter called Principal, and U.S.F. & G. Company,  
hereinafter called the Surety, are held and firmly bound unto the State of  
Arizona in the sum of Twenty-Five Hundred Dollars (\$2,500) for the payment of  
which the Principal and Surety bind themselves, their heirs, executors, ad-  
ministrators, successors and assigns, jointly and severally, firmly by these  
presents.

Whereas the Principal has obtained a permit from the State Land  
Commissioner to drill a well in search of oil or gas, and whereas said Princi-  
pal is required by provisions of the Oil and Gas Conservation Act of 1951 to  
deposit with the said Commissioner a good and sufficient bond:

Now, therefore, the condition of the foregoing obligation is such  
that if the Principal shall drill, case and plug said well drilled by said  
Principal in such manner as to prevent the escape of oil or gas from one  
stratum to another and to prevent the intrusion of water into an oil or gas  
stratum from a separate stratum, and to prevent the pollution of fresh water  
supplies by oil, gas or salt water and in such manner as to prevent waste,  
and shall make such reports to the Commissioner as are required by the Oil  
and Gas Conservation Act of 1951 by said Principal, and shall file the log  
and drilling record kept by said Principal within six (6) months from the  
time of the completion or abandonment of said well drilled for oil or gas  
and shall plug the same in the manner provided by the rules and regulations  
adopted by said Commissioner, then this obligation to be null and void,  
otherwise to be and remain in full force and effect.

Witness our hands and seals this 7th day of December, 1955.

June 7, 1956

Mr. O.C. Robinson  
Box 93  
Douglas, Arizona

Dear Mr. Robinson:

We are in the process of releasing the bond in conjunction with the drilling of the well by you for the Cochise Oil Company, located in Section 34, Township 23 South, Range 27 East, Cochise County, Arizona.

We have in our file the necessary forms pertaining to the abandonment of this well, also a letter of responsibility on the part of Mr. J. E. Goldman, assuming full responsibility for any future operations.

In our letter of January 13th we requested that you send us copies of logs, electric or otherwise, as our State regulations provide that such requirements be met. Until we receive copies of the above mentioned logs, we will be unable to release the bond in the amount of \$2,500 issued by the United States Fidelity & Guaranty Company to Mr. Edward G. Mirick.

We trust that you will give this matter your prompt attention.

Very truly yours,

Donald D. Lewis,  
Office Manager

January 19, 1956

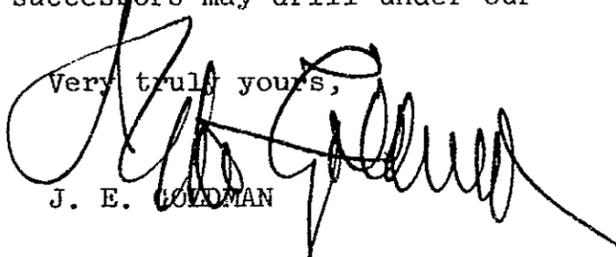

Dr. Edward G. Wirick  
P. O. Box 1052  
Douglas, Arizona

Dear Dr. Wirick:

On January 1st, 1956, you completed as a dry hole a well drilled on my 240 acres of land in Section 34, Township 23 South, Range 27 East, Cochise County, Arizona. As that well before abandonment appeared to be a good potential water well, I hereby state that as of this date I become the owner thereof, assume full responsibility for any future operations thereon and you have no interest or liability for any such operations hereafter.

If the above understanding meets with your approval, and in consideration thereof you are willing to disclaim any and all further interest in the above noted well, kindly signify the same by affixing your signature in the line provided below. This does not mean that you are disclaiming any interest in future wells which you or your successors may drill under our lease of November 22, 1955.

Very truly yours,

  
J. E. GOLDMAN

Mr. O. C. Robinson  
Douglas, Arizona

Dear Mr. Robinson:

We have been advised that the recent test well under your supervision for the Cochise Oil Company - Goldman #1, located in Section 34, Township 23 South, Range 27 East, Cochise County, Arizona has come to a conclusion.

There now remains the necessary steps to be taken in order that we may close our files on this drilling operation. We understand that the well is to be converted into a water well, and in order to do this we must have a statement of assumption and liability on the part of the owner of the property, whom we understand is a Mr. Goldman.

Therefore, we are inclosing herewith our oil and gas forms 55 and 56 for you to complete and return to this office for approval by the State Land Commissioner, together with a copy of the aforementioned agreement of the acceptance of the well as a water well signed by Mr. Goldman in which he resumes full responsibility.

I should also like to call to your attention that State regulations provide that a complete set of samples and copies of logs, electric or otherwise, be submitted to the State Land Commissioner, if you have not already done so.

Thank you for your prompt attention in this matter.

Very truly yours,

Louis C. Duncan,  
Office Manager

STATE LAND COMMISSIONER

January 13, 1956

Mr. W. Shelley Richey  
Attorney-at-Law  
P. O. Box 1052  
Douglas, Arizona

Dear Mr. Richey:

This Department has been informed that the test well drilled in Section 34, Township 23 South, Range 27 East, Cochise County, Arizona has been abandoned. There now remains the necessary steps to be taken in order that we may close our files on this drilling operation.

We understand that the well is to be converted into a water well and in order to do this we must have a statement of assumption and liability on the part of the owner of the property, whom we understand is a Mr. Goldman. We have this date, mailed our O&G forms 55 and 56 to the driller of this well, Mr. O. G. Robinson, asking him to complete the necessary papers and return to this office for approval by the State Land Commissioner, whereupon a signed copy will be returned to you.

We are inclosing for your files a copy of our O&G form 51 "Notice of Intention to Drill New Well", together with your receipt in the amount of \$25.00 covering the oil and gas permit. Also a copy of our letter to Mr. Robinson is inclosed. When all the necessary requirements of the law have been met and complied with we will then be in position to release the bond in the amount of \$2500 held by the U.S.F. & G. Company.

We wish to thank you for all your past cooperation you have given us, and wish to assure you and your associates that this Department is ever ready to help and serve you at any time.

Dear Louis:

I am returning herewith the application of notice of intention to drill form and other papers you sent for approval of the new proposed well of Edward G. Wirick. After unsuccessfully trying to contact Mr. W. Shelley Richey, Mr. O. C. Robinson, driller, came in to see me. My reason for holding up on approval of the intention to drill was that no specified surface casing had been given. You will note that this proposed surface casing has now been written in and signed by Mr. Robinson as authorized by Dr. Wirick by phone, and I believe the form is now in order and a permit can now be issued.

I would appreciate your giving this information to Muriel so that a file can be set up under the name listed on the intention to drill.

Very truly yours,

Phillip W. Johnson  
Geologist
