INSTRUCTIONS

READ CAREFULLY AND COMPLY FULLY

For the purpose of this determination attach hereto a neat, accurate plat, map or sketch of this lease, section, block or lot locating thereon the proposed site for this location. Plat shall be drawn to a scale which will permit the facile observation of all pertinent data. Show distances of the proposed well from the two nearest lease and section lines, and from the nearest wells on the same lease completed in or drilling to the same reservoir. If the location requested is not in conformance with the applicable well-spacing rules, show all off-setting wells to the proposed well, and the names and addresses of all adjoining lease or property owners.

In event plat is filed for the purpose of designating the drilling and producing unit, or proration unit, on which the proposed well is to be drilled, the boundaries of such unit shall be shown, also the boundaries of all other such units attributed to other wells on the same lease completed in or drilling to the same reservoir. The acreage contained within each unit shall also be shown.

Do not confuse survey lines with lease lines. The sketch or plat should show your entire lease if possible. If it is not practical to show the entire lease and the plat shows only a section, block or lot out of your lease, you should clearly show that same is only a part of the lease.

Designate scale to which plat or sketch is drawn. Also designate northerly direction on the sketch or plat.

PROPOSED CASING PROGRAM

Size of Casing	Weight	Grade & Type	Top	Bottom	Cementing Depths	Sacks Cement

Form No. P-1

No production casing will be run. In the event of lost circulation in the near surface Quaternary Volcanics, it may be necessary to set some surface casing as follows: 5 1/2" O.D.; 17# weight; Type "B". Seven sacks of cement for every 10' of pipe will be used.

RE: Your request dated 8/5/64 for file #197 and #201

Dear Mr. Cooper:

Enclosed is copy of Well Completion Report as requested for the Cities Service J. L. Colter #201, file #197. Our records indicate that two copies of this form #8-7 and forms #15-A and #8-15 were mailed to Mr. John K. Petty on July 18, 1963.

We are unable to furnish the well log requested on the Cities Service #205 in Section 17, T-9N, R-27E, Apache County, Arizona, file #201, as this well was an abandoned location and never drilled.

Please advise if you need additional information.

Very truly yours,

Re: Release of Surety  
Oil & Gas Bond  
Blanket Drilling  
Bond, etc.

Dear Mr. Springer:

It is with pleasure we release your above captioned bond in regard to the requirements of paragraph 101 "Bond", since the Rules and Regulations of this Commission are satisfied.

It was unfortunate that your operation occurred at a time when the change over in rules requiring permits on strat tests was happening and a misunderstanding took place.

It is hoped you'll pursue some more operations in Arizona in the future.

Yours truly,

John K. Petty  
Acting Executive Secretary

Re: Strat Tests  
Apache County,  
Arizona

Attention: Mr. J. Frank Riney, Landman

Gentlemen:

Thank you for your letter of July 18 addressed to the attention of Mr. Petty enclosing the various forms covering strat tests drilled in this state. I am sorry that we are going to ask that you give us more information.

Your original Permit #197 called for a well in Sec. 22, 9N, 27E, and you have furnished the information required on the drilling of this test.

Your Permit #200 covered a test in Sec. 2, 10N, 25E, on which you have furnished information.

Your Permit #198 covered a test in Sec. 33, 11N, 25E; Your Permit #199 covered a test in Sec. 28, 11N, 25E and your Permit #201 covered a test in Sec. 17, 9N, 27E.

Our files indicate that permission was granted to you to change locations of several of these proposed tests for which you were given permits.

In your letter of July 18 you furnished us completion notices on Strat Test #4 located in Sec. 6, 9N, 25E; Strat Test #10 in Sec. 35, 9N, 27E and Strat Test #3 in Sec. 34, 9N, 27E.

We assume that these last three tests for which you furnished completion notices were in place of those permitted you under Permits 198, 199 and 201 for which you received permission to change locations. Presuming this is the case, will you please inform us which strat tests, as indicated above, should be assigned to Permits 198, 199 and 201.

Yours very truly,

H. A. Ludwick  
Executive Secretary

Land and Lease Department  
Rental Section  
Cities Service Oil Company  
Bartlesville, Oklahoma

Re: Oil and Gas Bond - Blanche Building Bond to the  
State of Arizona 50-24811. r.w.s.

Dear Mr. Springer:

Confirmation of our conversation with you on May 21, 1963, is being  
to the satisfaction of the District Attorney, Phoenix, Arizona, and  
your responsibility under the bond, which was not to be  
that at our last inspection of the well, the well was not  
in Sec. 20, T2N, R2E, Apache County, Arizona. The well was  
properly marked in conformance with our regulation. A permanent  
marker will necessarily have to be installed before we can  
release the bond as requested.

Your company has previously furnished us with copies of well  
logs and copies of sample descriptions; however, it did not  
file a well completion report as required. We are enclosing  
herewith sufficient forms for you to furnish this completion  
report to us.

Yours very truly,

H. A. Ludewick  
Executive Secretary

Phoenix, Arizona

Attention: Mr. John K. Petty

Gentlemen:

On July 2, 1962, we forwarded five Applications to Drill covering five stratigraphic tests we proposed to drill in Apache County, Arizona. These Applications were approved by you on July 7, and assigned the following permit numbers:

	<u>C.S.P. Well No.</u>	<u>Ariz. O. &amp; G.C.C. Permit No.</u>
201	1353 22-AN-R27E	197
202	1186 Apache 15-8N-R21E	198
203		199
204	287 upfd 2-10N-25E	200
205		201

We are enclosing three copies each of Form No. 15-A and Form No. P-15 covering the stratigraphic test drilled under Permit No. 197.

The proposed strat tests which were assigned Permit Numbers 198, 199, 200, and 201 were not drilled, and we hereby give notice of the abandonment of these locations. Please advise if this letter is sufficient notice of the abandonment of the proposed tests or if certain forms should be filed with your office.

We wish to thank you for your cooperation during our operations in the State of Arizona.

Re: Strat Tests - Apache County, Arizona

Dear Mr. Riney:

At the July 27 meeting of the Arizona Oil and Gas Conservation Commission, the commissioners were agreeable to our moving the locations of some of your stratigraphic tests on account of thickness of the volcanics, etc. thus verifying your telephone conversation with Don Jerome who told you to go ahead, your request was granted.

However, please bear in mind that these strat tests are now subject to the same plugging and other regulations a regular drilled hole is. So please observe water shut off, permanent marking with pipe, etc. and data to be sent to this office.

We sincerely hope you will complete some of them as economically paying wells and that you will extend your operations far and wide in this State.

Thanking you for the information which you and Mr. Anderson gave me this morning, I am

Yours truly,

John K. Petty  
Petroleum Geologist
