Re: Cities Service Strat Tests

Cities Service made five applications which were assigned permit numbers 197 through 201.

Inasmuch as some of the area tests encountered an unexpected lava flow, some of the locations were changed by permission of the Commissioners. See minutes of July 25, 1962 meeting. The locations that changed were drilled under the original permits and in this case did not reflect the location as finally drilled.

In some cases a test was started at one location, said location being plugged and abandoned and a new well being drilled under the same permit at a different location.

Permit 197. Issued for Cities Service Strat Test 201, SW/4SW/4, S22-T9N-R27E. This well completed and no changes are involved in this file.

Permit 198. Issued for Cities Service Strat Test 202, SE/4NE/4, S33-T11N-R25E. However, this location was abandoned and the well was drilled as Strat Test 13, NW/4NW/4, S34-T9N-R27E.

Permit 199. Issued for Strat Test 4, NW/4NE/4, S6-T6N-R28E. This well was drilled and abandoned and Strat Test 202 was drilled under this same permit, SW/4NW/4, S15-T8N-R23E. (The Strat Test 4 location should be carried as abandoned.)

Permit 200. Issued for Strat Test 204, SE/4SE/4, S2-T10N-R25E. The test however was abandoned and a new location, SW/4SE/4, S2-T10N-R25E, was completed.

Permit 201. Issued to cover Cities Services Strat Test 205, SE/4SE/4, S17-T9N-R27E, but this location was abandoned and the Cities Service Strat Test 10, SW/4SW/4, S35-T9N-R27E, was drilled instead.

201-2

201

Page 2

To reiterate:

Permit 197 should reflect well 201, SW/4SW/4, S22-T9N-R27E.

Permit 198 covers Strat Test 13, NW/4NW/4, S34-T9N-R27E.

Permit 199, Strat Test 202, located SW/4NW/4, S15-T6N-R28E.

Permit 200, Strat Test 204, SW/4SE/4, S2-T10N-R25E.

Permit 201, Strat Test 10, SW/4SW/4, S35-T9N-R27E.

All wells have been properly plugged and abandoned and Bond M-248117 in the amount of \$10,000 was released on September 12, 1963.

Dear Mr. Springer:

It is with pleasure we release your above captioned bond in regard to the requirements of paragraph 101 "Bond", since the Rules and Regulations of this Commission are satisfied.

It was unfortunate that your operation occurred at a time when the change over in rules requiring permits on strat tests was happening and a misunderstanding took place.

It is hoped you'll pursue some more operations in Arizona in the future.

Attention: Mr. J. Frank Hisey, Landman

Gentlemen:

Thank you for your letter of July 18 addressed to the attention of Mr. Petty enclosing the various forms covering strat tests drilled in this state. I am sorry that we are going to ask that you give us more information.

Your original Permit #197 called for a well in Sec. 22, 9N, 27E, and you have furnished the information required on the drilling of this test.

Your Permit #200 covered a test in Sec. 2, 10N, 25E, on which you have furnished information.

Your Permit #198 covered a test in Sec. 23, 11N, 25E; Your Permit #199 covered a test in Sec. 23, 11N, 25E and your Permit #201 covered a test in Sec. 17, 9N, 27E.

Our files indicate that permission was granted to you to change locations of several of these proposed tests for which you were given permits.

In your letter of July 18 you furnished us completion notices on Strat Test #4 located in Sec. 6, 9N, 25E; Strat Test #12 in Sec. 24, 9N, 27E and Strat Test #3 in Sec. 24, 9N, 27E.

We assume that these last three tests for which you furnished completion notices were in place of those permitted you under Permits 198, 199 and 201 for which you received permission to change locations. Presuming this is the case, will you please inform us which strat tests, as indicated above, should be assigned to Permits 198, 199 and 201.

Yours very truly,

You will note we have used two numbering systems. This was the result of two planned drilling programs. The difficulties encountered in drilling the strat-tests in this area resulted in our drilling only a few of the tests set out in our drilling programs.

Several more strat-tests were drilled in this area which were turned over to the land owners. Information on these tests will be forwarded in the near future.

Dear Mr. Springer:

Confirming my telephone conversation with you today regarding  
to the cancellation of the blanket drilling bond issued for  
your stratigraphic tests in July, 1962, we wish to advise  
that at our last inspection of the one test drilled by you  
in Sec. 23, 9N, 27E, Apache County, Arizona did not have pro-  
perly marked in conformance with our regulations. A permanent  
marker will necessarily have to be installed before we can

Re: Strat Tests - Apache County, Arizona

Dear Mr. Riney:

At the July 25 meeting of the Arizona Oil and Gas Conservation Commission, the commissioners were agreeable to your moving the locations of some of your stratigraphic tests on account of thickness of the volcanics, etc. thus verifying your telephone conversation with Don Jerome who told you to go ahead, your request was granted.

However, please bear in mind that these strat tests are now subject to the same plugging and other regulations a regular drilled hole is. So please observe water shut off, permanent marking with pipe, etc. and data to be sent to this office.

We sincerely hope you will complete some of them as economically paying wells and that you will extend your operations far and wide in this State.

Attention: Mr. D. A. Jerome, Executive Secretary

Gentlemen: e

We are enclosing two copies each of five Applications for Permit to Drill covering five stratigraphic tests we propose to drill in Apache County, Arizona. We are also enclosing Cities Service Draft No. 385 in the amount of \$125.00 covering application fees. We hope to commence drilling operations on these tests in the very near future, therefore, any action you can take to expedite the processing of these forms will be greatly appreciated.

We are also enclosing a blanket surety bond in the amount of \$10,000.00 with power of attorney and organization report attached.

In order to expedite our operations we would appreciate it if you would call this office collect when the processing of the application forms and bond have been completed.

Please forward a supply of the application forms for our future use.

Very truly yours,

CITIES SERVICE PETROLEUM COMPANY

Dear Frank:

This will acknowledge receipt of your letter of April 30,  
1962.

We are happy that you are getting interested in Arizona  
and we do hope you will drill us several wells in the area  
after your seismic rig work is completed.

Sincerely yours,

B. A. Jerome

Dear Mr. Jerome:

As per your telephone instructions of April 29, 1962,  
and April 27, 1962, we have moved a shallow seismic rig into  
the Springerville area of northeastern Arizona. On completion  
of our operations in the area, we will furnish you with a plot  
showing the sites on which the rig was operated.

If you require any additional information, please  
contact us.

Yours very truly,
