Please furnish us a supply of your Application for Permit to Drill forms and additional Bond forms for the State of Arizona. We will also appreciate your sending us any forms concerning completion or abandonment of wells that have to be filed in Arizona.

We are still drilling on the well in Section 1, Township 17 North, Range 23 East, Navajo County, Arizona and we have not been able to collect samples since reaching the Coconino formation. We have been drilling since that time with lost circulation and, therefore, it was impossible to get samples. We expect to reach the top of the Supai in the next five or six days.

Gentlemen:

Thanks for your letter of October 31 concerning the \$25.00 permit fee for the above well.

We were aware that the fee was required with the application for a drilling permit; however, we inadvertently failed to put the check with the forms when Mr. Smith left this office for Arizona. We are enclosing our check #6283 for the \$25.00 permit fee and we are sorry that we failed to include it originally.
