Mr. Callen with U.S.F. & G. was in the office this date. He said that his company plans to contact the indemnitors in an effort to have them plug the subject wells. Should they fail to agree to plug the wells, U.S.F.&G. will proceed to plug the wells and then seek redress from the indemnitors through legal action.

The week of March 28 Mr. Abrams was in the office to discuss Arizona Helium's problems in general and the plugging of their various wells in particular. Abrams advised John and myself that it had been officially decided to liquidate any and all of Arizona Helium's assets, that they had no money for plugging the wells, and that apparently it would be necessary for the Commission to go against the bonding company in order to plug these wells. Mr. Abrams did ask for additional time before the bonding company was informed that they would definitely have to plug the subject wells. We agreed not to push the plugging of these wells for the time being.

~~322~~

I met with Mr. Abrahms, the receiver for Arizona Helium Corporation to discuss the wells drilled by Apache Drilling Company and Arizona Helium Corporation and to attempt to secure additional information for our files. Mr. Abrahms was unable to supply any information that we did not have already in our possession. He had no knowledge of the status of any of the wells. He was of the opinion that Tom Hashem had worked out a deal for Eastern Petroleum to plug the subject wells. Abrahms disclaimed any knowledge of the details of this arrangement; and, Mr. Hashem said that there was no monetary arrangements, Eastern just agreed to plug them. If this is the case Eastern would probably end up with the salvage from the plugged wells.

Abrahms was informed that these wells were still under bond; and, that if it was necessary, the Commission could demand the bonding company to plug out the wells. He had the opinion that the bond had been cancelled. I explained to him that this was impossible without approval of the Commission. He was sure that no premium had been paid since Arizona Helium Corporation went into receivership. When Western Helium leased the plant at Navajo from Arizona Helium Corporation the lease was for one year with the provision that if the trial operation proved profitable, Western and Arizona Helium would enter into merger negotiations. Western has an escape clause to enable them to drop the lease prior to its expiration date. Abrahms tells me that Western has notified him that they do not intend to renew the lease. The expiration date is May, 1971. Abrahms further informed me that in order to put the plant into suitable operating condition, an investment of some \$250,000 would be required.

Re: Aztec Exploration & Development
Anglo-Western Enterprises, Inc.
Apache Drilling Co.

Dear Mr. Montgomery:

In reply to your inquiry dated July 25, 1974, this office can find no record of Anglo-Western Enterprises, Inc., or Aztec Exploration & Development having ever had lease holdings or conducted operations of any kind within the State.

Apache Drilling Company has operated within the State. According to our records they have drilled six wells in Apache County. These wells were ostensibly drilled as helium tests. This Commission forced the plugging of five of these wells in 1971. The sixth well had previously been plugged. The following is a list of each of the wells drilled by Apache Drilling.

Apache Drilling #1 Santa Fe Crest Fee, SE/NW Sec 25-T20N-R27E
Total Depth 1,306'

#1 Spurlock-Wetzler, SW/NE Sec 23-T19N-R26E, Total Depth 1,098'

#1-22 State, NW/SE Sec 22-T19N-R26E, Total Depth 1,701'

#2 Spurlock-Wetzler Fee, NE/SE Sec 27-T18N-R26E, Total Depth 1,135'

#3 Spurlock-Wetzler, SE/NW Sec 25-T18N-R26E, Total Depth 1,234'

#13 Spurlock-Wetzler Fee, SW/NE Sec 13-T18N-R26E, Total Depth 1,245'

Dear Sir:

This department is conducting a preliminary investigation into the operation of the above listed corporations.

I was told that your dept. might have records as to whether any of these corporations hold title to any land approximately 2½ miles north of Florence.

I especially need to know whether any of these corporations have drilled for oil, location of the wells, how deep they drilled, when drilled and whether or not they were successful.

Any information you can supply me with, in regard to these three corporations would be greatly appreciated.

Sincerely,

Bill Montgomery

Mr. Bill Allen:

In regard to our conversation in reference to plugging of certain wells in Apache County owned by Arizona Helium:

This work has been done and enclosed is a copy of work done in the process of plugging. Also a copy of the amount of cement used in each well.

I will furnish whatever reports are necessary to release bond and clean up this mess.

Sincerely,

C. T. Henderson

WELL PLUGGING 1971

Report on plugging wells in the Navajo, Arizona area July 9 through July 16, 1971.
Steve, Bill, and R. W. Henderson.

- July 9 - - Got Mack from Karlson and started for Navajo. Truck broke down. Arrived with water truck and house trailer at 9:00 P.M. at Navajo.
- July 10 - Trailer with rig arrived at 4:30 A.M. Unloaded rig and moved south to Sec. 22 19N-26E. Took heads off Secs. 23, 22 and 14. Bill went to Holbrook to order cement and get points and plugs. Put points, plugs and condenser in rig.
- July 11 - Pulled sucker rod and pump from Sec. 22. Pulled tubing in 22 and moved to Sec. 14. Tried to pull tubing in Sec. 14 but stuck tight.
- July 12 - Bill went to Holbrook to get powder to shoot 14 - didn't have any there. Pulled head from Sec. 13 18N-26E and checked sections 25 and 27, 18N-26E. Unloaded 35 sacks of cement at Sec. 22 and 35 sacks of cement at Sec. 14. Unloaded 17 sacks of cement in pick up and 63 sacks of cement in Spurlock barn. Put 6 barrels of 5 sack cement in bottom of the 4 1/2 in. of 22 filled with water, and put wood and sack plug on top of water and finished on top and filled with cement. Put 3 barrels of 5 sack cement in bottom of the 2 7/8 in. tubing of 23 and filled with water. Put wooden plug on top of water and filled with cement. Put 4 inch pipe marker over 2 7/8 in. tubing and filled with cement.
- July 13 - Put 3 barrels of 5 sack cement in Sec. 25, 18N-26E. Put 2 barrels of 4 sack cement in Sec. 27, 18N-26E. Started south with backhole and had power steering problems.
- July 14 - Put 3 sacks of cement in top of 25 along with 4 inch marker. Put 2 sacks of cement in marker in 27. Covered pits at 25 and 27. Pulled tubing in 14 and moved rig to Sec. 13.
- July 15 - Ran tubing into Sec. 13, 18N-26E. and swabed for 2 hours. Covered pits and pulled tubing. Put 6 barrels of 5 sack cement in bottom of 13 and filled with water. Put plug on top of water and filled top and 4 inch marker with one barrel of cement. Loaded tubing and cleaned location at 13.
- July 16 - Unloaded tubing and went to Sec. 14, 19N-26E. Put 6 barrels of 5 sack cement in bottom of 14, filled with water and put one barrel in top and marker. Loaded tubing and cleaned location. Loaded tubing and sucker rod at Sec. 22 and cleaned location. Unloaded tubing and sucker rod at Jay Reeces ranch.

Put marker of 4 inch iron pipe at least 4 feet high on sections 13,14, 22, 23, 25, 27.

Put 35 sacks of cement in wells 13, 14, 22
Put 18 sacks of cement in well 25
Put 17 sacks of cement in well 23
Put 10 sacks of cement in well 27

150 sacks of cement

Dear Mr. Henderson:

The Commission has been informed by Mr. Robert Callen, United States Fidelity & Guaranty Company, and Mr. John Savoy that you have agreed to plug the above referenced wells.

Please submit Form 9, Application to Abandon and Plug, for our approval at least ten days prior to commencing plugging operations. It would also be appreciated if you would inform this office of the approximate dates you will be able to start this work.

If we can be of any assistance to you please advise.

Very truly yours,

W. E. Allen, Director

Dear Mr. Callen:

As was stated in our recent telephone conversation, we are indeed pleased that Mr. Henderson has assumed responsibility to U.S. Fidelity & Guaranty for plugging the above listed wells. However, Mr. Callen, until the wells are satisfactorily plugged and the well locations restored to an acceptable condition, this Commission will of necessity look to your company for a timely and satisfactory performance.

Very truly yours,

Re: Arizona Helium Corp.,
B-69-1853

Dear John:

I received your letter of the 25th directed to Robert L. Jarratt, Trustee in the above bankruptcy. I am his attorney and he has referred your letter to me for response.

The situation is essentially this. We are in the process of selling at public auction the helium plant and all wells of Arizona Helium including the ones referred to in your letter, all easements and some state leased land owned by the corporation. The Arizona Auctioneers will be conducting the auction and are in the process now of establishing a date for the auction and advertising in the appropriate cryogenics journals and other publications. I will endeavor to advise you of the auction date as soon as it is known. If it is essential that these wells be capped prior to the auction, please advise and I will discuss the matter further with the Trustee.

Yours very truly,

Browder, Gillenwater & Daughton

Arizona Helium Corporation

Dear Mr. Pearson:

We have been advised that your principal under the above referenced bond, Arizona Helium Corporation, has taken bankruptcy and is no longer in a position to discharge their obligations of plugging the wells covered under the above referenced bond in accordance with Rule 201 and 202 of the Rules and Regulations of the Oil and Gas Conservation Commission.

In order to comply with these rules, and as your company is surety under their bond, I would like to arrange a conference with you or anyone that you might designate to discuss the plugging of these various wells.

Please advise this office as quickly as possible when such a conference can be arranged.

Dear Mr. Abrams:

At the request of Mr. Robert B. MacTough the Oil and Gas Commission granted Arizona Helium Corporation permission to continue the above wells in a temporary abandoned status until December 31, 1969. Because of various difficulties that were being experienced by Arizona Helium Corporation, the Commission did not demand that the wells be plugged at the end of the above mentioned expiration date.

March 24, 1971
Mr. H. J. Abrams
Page 2

Apparently Arizona Helium has been unable to solve their problems; and, the Commission can no longer permit the above wells to remain in a temporary abandoned status. In order to insure the continued protection of potential producing reservoirs, to prevent possible waste, and to protect fresh water zones in the subject wells, the Commission must now demand that the above wells be plugged in accordance with Rules 201 and 202 of the Rules and Regulations of the Oil and Gas Conservation Commission. (Copy enclosed)

Should Arizona Helium not take the steps necessary to properly plug the subject wells as quickly as possible, the Commission will then have no course open to it except to require the bonding company to have the wells plugged under their bond #22651-13-955-65.

Please advise this office of your course of action immediately.

Very truly yours,

W. E. Allen, Director
Enforcement Section

ARIZONA Helium CORP.

3500 N. CENTRAL AVE. • SUITE 317 • PHOENIX, ARIZONA 85012

September 29, 1969

Oil and Gas Conservation Commission
State of Arizona
1624 W. Adams, Rm. 202
Phoenix, Ariz. 85007

Attn: John Bannister

Dear Mr. Bannister:

Arizona Helium Corp. asks for a 90 day extension for the plugging of the wells listed below.

Apache # 1 Spurlock-Wetzler Fee	Permit 318
Apache # 2 Spurlock-Wetzler Fee	Permit 322
Apache # 3 Spurlock-Wetzler Fee	Permit 341
Apache # 1-22 State	Permit 346
Apache #13 Spurlock-Wetzler Fee	Permit 355

Eastern Petroleum Company and Arizona Helium Corp. are now involved in a drilling program. For our plant to function economically, we need 750,000 cubic feet of field gas daily; Eastern is attempting to meet our needs. This extension for plugging would keep Eastern working continually for more gas without any temporary interruptions.

Thank you.

Very truly yours,

Robert B. MacTough

Dear Mr. MacTough:

Please advise this office when we may expect to receive the Form 25's indicating the proposed action you intend to take on the captioned wells.

Should you need Application to Plug and Abandon or Plugging Record forms, a telephone call to this office will allow us to mail you those forms you require.

Yours truly,

James A. Lambert
Administrative Assistant

Dear Mr. McDonald:

This Commission granted permission to continue the captioned wells in a temporary abandoned status until July 31, 1969. In your petition last year you indicated that during this year's period you would "determine a drilling program and examine fully the economics of the captioned wells". Please advise this Commission the status of these wells other than temporary abandoned, indicate the plans that you have for each of these wells, and either petition for a continued temporary abandoned status on each well on its individual merit or indicate your plugging and abandoning program.

We enclose a few forms you might need to use.

Yours truly,

James A. Lambert

Dear John:

May I inquire as to the present status of the Apache Drilling Company-Arizona Helium Corporation wells located in Apache County being more particularly designated by Permit Nos. 322, 341 and 355? When I last contacted you in June they were being carried as Temporarily Abandoned.

Thank you in advance for this information.

Very truly yours,

Dear Mr. Bannister:

We have recently completed the merger of Apache Drilling Co., Inc. into the Arizona Helium Corp. and find that scattered records and technical difficulties makes it virtually impossible to come to any definite conclusions about the above captioned wells at this writing. However, we are prepared to issue monthly reports of activities and respectfully request an additional temporarily abandoned status of at least a year.

- 2 -

During this period of time we will determine a drilling program and examine fully the economics of the above captioned wells and will fully advise you as soon as possible.

Very truly yours,

R. H. McDonald
President

Gentlemen:

To date we have had no reply to our letters of March 13, 1968 in which we requested that you inform this Commission concerning your plans for all of the captioned wells.

As you are aware, if operations have cease a well must be plugged and abandoned unless written permission is granted to temporarily abandon a well for good and sufficient reason (Rule 202.B). The temporarily abandoned period has long expired.

If we do not hear from you immediately outlining your plans to resume in the near future your operations on these wells, we have no alternative but to order these wells plugged. It is the desire of this Commission to cooperate; however, our rules and regulations must be complied with.

Very truly yours,

John Bannister
Executive Secretary

On the #1-11 State, we have received no report or information since June 7, 1966, at which time you advised us that completion information on this well would be filed in the near future. Will you please take steps to bring yourself into compliance with the Rules and Regulations on this well. A progress report, and if necessary, a request for extension of time, should be filed.

As to the #1 Santa Fe-Grant No. 1, again we have had no report on this since June 7, 1966 and our comments as to the #1-11 State apply here also.

As to the #13 Spurlock-Walsley No. 1, we have had absolutely no report since the permit was issued on June 22, 1966. Will you please immediately file a progress report, and if it applies, an application for extension in connection with this well.

You are urged to bear in mind extension dates and progress reports on all your activities. While it is the intention of this office to be as cooperative as possible with all operators within the State, it is not actually part of our duty to continually remind you of your obligations to this Commission.

Very truly yours,

John Hensinger
Executive Secretary
