Dear Blackie:

It has been some time since we have had any word from you regarding the proposed drilling of your AAA Fishing Tool #E-5 Navajo. Your last letter dated January 1, 1970, indicated that you might start drilling operations in the second quarter of 1970.

Will you please advise this office of your plans concerning the subject well in order that we may bring our files current.

If the name at the bottom of this letter seems familiar, it is.

With kindest personal regards,

Bill

Dear Mr. McClelland:

We have not received a bond covering the captioned Application For Permit To Drill. It lurks in my mind that you were contemplating establishing a \$25,000 blanket bond that would cover all of AAA Fishing Tool's drilling activities in this State. Please advise this Commission your wishes.

Dear Mr. McClelland:

Please be advised that this well is not permitted as of this date. This Commission requires a bond to be posted before we are able to issue a permit to drill covering this well. We note by your application that you expect to start work on or about September 1, 1969. It will be necessary that we have telegraphic notification from the Arizona Surety Agent that a bond is posted covering this proposed drill site located in the SW/4 NW/4 of Section 9.

Dear Mr. McClelland:

The Commission has instructed me to write you to get in the new application covering the AAA Fishing Tool #E-1 Navajo 597 Well. Be sure the new plat is incorporated in that application showing the exact location of this well. It is our understanding that it will be in the NW/4 NE/4 near the south quarter-quarter line.

Receipt #9593 covers the paid fee on this permit. We require a bond. We have not received either bond covering either of the Section 9 locations you are permitting. Neither permit will be issued until we have received the bonds or telegraphic notification from the bonding company that such bonds have been issued.

Our records indicate that we do not have a current Organization Report from you. The one on hand is dated November of 1967. Enclosed are our forms. Please complete and return to this office.

Dear Mr. Jacobs:

This Commission requires a bond covering the AAA #E-1 Well and also the AAA #E-5 Well before permits for either of these wells can be issued. Since the AAA #E-5 Well is in the area on which the Hearing on August 13th is to be held, we are holding up the issuance of this permit until the matter of dedication is resolved. Enclosed is the Receipt No. 9594 covering the \$25 filing fee we received for the AAA #E-5 Well this date.

Globe is in the process of supplying this office with a new bond to take the place of AAA Fishing Tool's Bond Number

When we receive their new bond, we will be willing to release
this bond.

We also note that you have set September 1 as the approxi-
mate date that work on the #E-5 Well is to start. We will
issue your permit prior to that date so that work will not
be hindered.
