Dear Mr. Smink:

Enclosed is your approved Application for Permit to Drill,
a copy of the plat, Receipt No. 2858, and our Permit To
Drill.

We note that the Consolidated Shell No. 22-11 is a gas well
producing from the Hermosa Paradox, which is indicated to
be from 4460' to 4608'. All of Section 11 of this township
and range is dedicated to that well. Records indicate that
the Lower Ismay interval is below 4800'.

Dear Mr. Smink:

The well located in Section 3 is properly designated the Consolidated Oil & Gas #3 Navajo (226). Our designation on the well to be permitted should properly be Consolidated Oil & Gas #3 Navajo (227). We prefer to permit the well with such a designation and will accept and receive communications and data from you designating it as the 11-3 as you wish to do to avoid misfiling and confusion in your office. The difference in location will be key enough for this office to keep the information pertaining to the two different wells separated.

Yours truly,

James A. Lambert

Re: Application for Permit to Drill
Navajo #11-3
East Boundary Butte Field
Apache County, Arizona

Gentlemen:

Please find enclosed the original and one copy of Form 3 with certified location plats and our check No. 06558 in the amount of \$25.00.

It is anticipated that the well may be spudded on or about November 20, 1969.

You will note that we have named and numbered the subject well the Navajo 11-3. In accordance with recent communication with both the State and the U.S.G.S., the well could be named the Navajo 3-11. However, Consolidated already has on file a Navajo 3-11 (State designation: #3 Navajo) at East Boundary Butte which was drilled and completed in the NE/4, SW/4, Section 3, T-41N, R-28E. You can well imagine the confusion and mis-filing that would occur in Consolidated's offices if two wells with the same name and number were located at East Boundary Butte.

If the proposed well name and number (Navajo 11-3) do not meet with your approval, please inform us as soon as possible.

Very truly yours,

CONSOLIDATED OIL & GAS, INC.

Consolidated has staked the location of the subject well. It would be appreciated if you would advise us if construction of the location would disturb, destruct, or remove any specimens of archeological interest.
