Blackie Mc Clelland called ^{Drilling} from Farmington and they are making a trip at 3385'. There are a 6 3/4" hole and their hole was off 1.25° at 3,000'. They are going into this old hole and will attempt completion in these 3 zones:

5192--5203
5215--5218
5224-5229

They plan to set 4 1/2" casing at 5275'. Blackie wanted to know if they would require them to catch samples and I told him no. They are running in and out of the old well. They plan to run one log.

Our File #558

Dear Blackie:

You will recall that on August 30 I reminded you that the above referenced permit would expire on September 18, 1971, unless we receive a written request from you to extend your permit. If you wish this permit extended, please have a written request into this office by September 24, requesting an extension. Unless we receive this request by this date, we will be forced to cancel your permit.

Very truly yours,

W. E. Allen, Director
