Re: Wells recently plugged by order of Commission

Dear Mr. Fullop:

We recently spot-checked a few of the wells that have been recently plugged to determine if the dry hole markers had been installed. On the six wells we checked, dry hole markers were on location. They were not permanently installed and neither did they have the required information. The only information on these markers were the section number, township and range, and in a few instances the permit number. As you know, the regulation marker is required to have the name of the operator, the state permit number, the well location by quarter/quarter, the numerical designation of the well and the type of lease. Copies of this rule are enclosed.

It will be appreciated if you have the correct dry hole marker permanently installed as quickly as possible.

Very truly yours,

W. E. Allen, Director
Enforcement Section

RE: Dry Hole Markers on Plugged
Wells in Navajo Springs area

Dear Mr. Fullop:

On April 28, 1975, I advised you that the majority of wells that you recently caused to be plugged do not have correct dry hole markers. A recent check confirmed that proper dry hole markers had still not been erected.

Please advise this Commission when we can reasonably expect you to have proper identification placed on these plugged wells.

Very truly yours,

W. E. Allen, Director
Enforcement Section

Re: Commission Ordered Plugged Wells
Navajo Springs Area

Dear Mr. Edwards:

In reply to your letter of April 3, 1975 regarding the wells that Mr. C. G. Wallace has indicated interest in acquiring in order to convert to water wells, this office has had no word from Wallace regarding his intentions. We did, at Mr. Wallace's request furnish him with copies of electric logs of these wells, however, that has been the extent of our communications with him.

On March 13, 1975 we wrote you regarding Plugging Reports on the wells you have recently plugged in the Navajo Springs area. We also requested this information from Mr. Fullop in a telephone conversation on February 20, 1975. As of this date, neither of you have seen fit to furnish this information. I would call your attention to Rule 202, C., Plugging Methods and Procedures of our Rules and Regulations. I would also call your attention to ARS Section 27-527, Penalties, copies of each are attached. The mood of the Commission is such that they could easily decide to enforce these penalties should you continue to fail to respond to our request.

Very truly yours,

A handwritten signature in cursive script, appearing to read "W. E. Allen".

Re: Commission Ordered Plugged Wells
Navajo Springs Area

Dear Mr. Edwards:

Your letter of March 10, 1975, requesting approved plugging forms for each well has been received. Prior to approving the applications to abandon and plug these wells, it will be necessary for you or some member of your firm to submit these copies detailing the manner in which the wells were plugged and the depth at which they were placed.

In a telephone conversation with Mr. Fullop several days ago we requested that these forms be submitted.

Please submit these forms as quickly as possible.

Very truly yours,

W. E. Allen, Director
Enforcement Section

Re: Commission Ordered Plugged Wells

Dear Mr. Allen:

We are informed the wells ordered by the Commission to be plugged have been plugged.

Would you please send approved plugging copies of each well. I would presume the bond on these wells could be released.

Yours very truly,

EASTERN PETROLEUM COMPANY

Re: Eastern and Crest wells in the general area of Navajo Springs

Dear Mr. Fullop:

Attached is a list of wells drilled by Eastern and Crest in Apache County. According to our files this list reflects all wells that have been drilled by Eastern in this area. You will note that the list indicated the wells that have reportedly been plugged and abandoned, shut-in helium wells, production helium wells, some strat tests and also wells for which a permit was issued but were never drilled and the permits cancelled.

We have previously supplied you with lists of all the unplugged wells in this area and also the wells that have been ordered plugged by the Commission.

Very truly yours,

W. E. Allen, Director

Memo to Eastern Petroleum File

Memo from W. E. Allen, Director, Enforcement Section

Henry Fullop called December 20th. At that time he said that they planned on starting plugging operations on the 24th of December. Fullop called again this morning and asked for a brief extension in time. He said his father was seriously ill in the hospital and that he felt he could not leave him at that time. He also said he felt it was necessary that he be here during the plugging operations since he was familiar with the well locations and the completion method. Fullop asked John Bannister and myself if he could have his equipment in the Navajo Springs area and ready to start plugging immediately after the first of the year if not before. We agreed to grant Fullop this additional time due to the illness of his father.

After talking with Fullop I checked with the contractor who is to do the work, Albert Gentles. Gentles assured me that they were going to do the plugging for Eastern and had already dispatched some equipment to the area. The other equipment along with the personnel would be leaving Carmi, Illinois, within the next few days.

Re: Case No. 48
Arizona O & G Comm.

Dear Mr. Uhrig:

We intend to commence plugging the thirteen wells this coming week as ordered by the Commission and expect to have at least one, if not two, plugged by December 25, 1974.

We've had difficulty in engaging contractors. All have been afraid to tackle the job without definite assurance they would be free of possible suits. The action of the state should minimize this possibility.

Yours very truly,

EASTERN PETROLEUM COMPANY

DATE: December 19, 1974
MEMO: Eastern Petroleum Company File
FROM: W. E. Allen, Director, Enforcement Section
SUBJECT: Plugging - Eastern Petroleum Company's wells

Craig Mousel from the Attorney General's Office called this date to tell me that he had talked with Mr. Uhrig of U.S.F.&G. regarding the Commission's order to plug certain of Eastern's wells. Mr. Uhrig told Craig that Fullop had told him he was leaving Carmi either the 20th or the 21st to come down here and make arrangements for these wells to be plugged. Uhrig said that Fullop would call the Attorney General's Office when he was in town, however, since Craig will be out of town for the holidays, he will leave word for him to contact me. Uhrig also told Craig that it was his opinion that Eastern Petroleum was solvent in that there would be no trouble in them plugging these wells.

If work has not started by December 30, Craig is to contact Uhrig again.

DATE: December 9, 1974

MEMO: John Bannister, Executive Secretary

FROM: W. E. Allen, Director, Enforcement Section

SUBJECT: Eastern Petroleum Company - Navajo Springs

I contacted Dan Leavell this morning regarding his intentions to plug Eastern's wells in the Navajo Springs area. Mr. Leavell had previously contacted me regarding this operation. When I talked with him this morning, he told me that Henry Fullop had changed his mind in regards to using Mr. Leavell and he thought that Eastern was considering a fellow by the name of Red Gentles to perform this work.

Gentles is the fourth person that has been mentioned as the contractor for the plugging of these wells. After talking with Leavell, I wrote a letter to U.S.F. & G. reminding them that if Eastern had not started plugging the wells by December 25, this Commission would expect U.S.F. & G. to initiate the plugging of these wells.

Order No. 47, Eastern Petroleum Company

Dear Mr. Uhrig:

The above referenced order names U. S. F. & G. Company as surety under Bond No. 27716-13-3983-65. This bond guarantees Eastern's compliance with the Commission's orders, rules and regulations.

This order stipulates that work required to bring Eastern Petroleum Company into compliance with this Commission's orders shall be started by December 25, 1974. Since the issuance of this order, this Commission has had no direct communication with Eastern. The purpose of this letter is to remind you that if Eastern has not started positive action by the compliance date; this Commission will expect U. S. F. & G. to initiate plugging operations on the various wells listed in the order. Enclosed for your information is a copy of this order.

Gentlemen:

In reply to your letter of November 26, 1974, please be advised that the Oil and Gas Conservation Commission realizes that the position of The Prentice-Hall Corporation System, Inc. is merely that of statutory agent. The Commission has no intent to call upon Prentice-Hall for any reason whatsoever under our Order No. 47. You will note that in the body of the order, wherein Eastern Petroleum Corporation is required to perform certain tasks, no mention is made of Prentice-Hall.

Consequently, let us assure you that the Commission is aware

The Prentice-Hall

BY THE OIL AND GAS CONSERVATION
COMMISSION OF THE STATE OF ARIZONA
FOR THE PURPOSE OF CONSIDERING:

THE MOTION OF THE OIL AND GAS
CONSERVATION COMMISSION THAT EASTERN
PETROLEUM COMPANY, UNITED STATES
FIDELITY AND GUARANTY COMPANY, AND
THE PRENTICE-HALL CORPORATION SYSTEM
SHOW CAUSE WHY THEY SHOULD NOT BE
ORDERED TO PLUG CERTAIN WELLS AS
BELOW LISTED

CASE NO. 48

ORDER NO. 47

Dear Sir:

Enclosed is a copy of the Order of your Commission, referred to
above, which we have just received, indirectly, through our
correspondents, Messrs. Kelly & Corbin of Phoenix, Arizona.

It is noted that "THE PRENTICE-HALL CORPORATION SYSTEM" has been,
by this Order, directed to show cause why it, together with certain
other corporations, including EASTERN PETROLEUM COMPANY, should
not be ordered to "Plug Certain Wells."

According to our records, our company, THE PRENTICE-HALL CORPORATION
SYSTEM, INC. is and has been serving as the "Statutory Agent" (see

Hon. Ralph W. Bilby, Chairman

-2-

November 26, 1974

Section 10-127, ARIZONA GENERAL CORPORATION LAW) since the date that the corporation so represented was qualified as a foreign corporation in Arizona, to wit: October 16, 1959.

Our relationship with said EASTERN PETROLEUM COMPANY is, and has been during that entire period, limited to the duties and responsibilities of a "Statutory Agent" under your law and never, in any way, involved in the business affairs or corporate objectives of said EASTERN PETROLEUM COMPANY.

Therefore, as it was error on the part of your Commission to designate THE PRENTICE-HALL CORPORATION SYSTEM, INC. in the above Order as a party thereto, we respectfully request that your Commission take immediate action to qualify or amend such Order to the extent necessary and appropriate to eliminate THE PRENTICE-HALL CORPORATION SYSTEM, INC. from the force and effect of the Order and, indeed, to eliminate our company from any involvement whatsoever in the proceedings underlying or resulting in the issuance of said Order.

To reiterate, our company does not, in any way, participate in the business activities of any of the corporations for which it acts as statutory process agent, its function being to merely provide the Registered Office as a place where process against corporations represented may be served and the forwarding of such process to the person or law firm which has been designated by the corporation or corporations so represented.

Please take immediate action in this matter and provide us with a copy of your amended Order.

Respectfully yours,

THE PRENTICE-HALL CORPORATION SYSTEM, INC.

Done this 1st day of November, 1974

BEFORE THE OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF ARIZONA

IN THE MATTER OF THE HEARING CALLED
BY THE OIL AND GAS CONSERVATION
COMMISSION OF THE STATE OF ARIZONA
FOR THE PURPOSE OF CONSIDERING:

CASE NO. 48

ORDER NO. 47

THE MOTION OF THE OIL AND GAS
CONSERVATION COMMISSION THAT EASTERN
PETROLEUM COMPANY, UNITED STATES
FIDELITY AND GUARANTY COMPANY, AND
THE PRENTICE-HALL CORPORATION SYSTEM
SHOW CAUSE WHY THEY SHOULD NOT BE
ORDERED TO PLUG CERTAIN WELLS AS
BELOW LISTED

ORDER OF THE COMMISSION

BY THE COMMISSION

This cause was considered at 10:00 a.m. on November 15, 1974
at Phoenix, Arizona, by the OIL AND GAS CONSERVATION COMMISSION of
the STATE OF ARIZONA, hereinafter referred to as the COMMISSION.

The COMMISSION, a quorum being present, having considered the
facts presented and being fully advised in the premises, finds as
follows:

FINDINGS:

(1) THAT the COMMISSION has jurisdiction of the subject
matter thereof.

(2) THAT the COMMISSION did order EASTERN PETROLEUM COMPANY,
as operator of the below-listed wells and as principal under Bond
Number 27716-13-3983-65, to plug the below-listed wells:

<u>PERMIT NUMBER</u>	<u>WELL NAME</u>	<u>LOCATION</u>
234	Ancon Santa Fe Fee #21	SE/NW Sec 31-20N-28E
536	Santa Fe Fee #24	1650 FNL-2640 FWL SE/NW Sec 24-20N-27E
537	Santa Fe Fee #21-1A	NW/NW Sec 31-20N-28E
560	Kiva Santa Fe Fee #1	NE/SW Sec 13-20N-28E
565	Santa Fe #6X-1	SE/NW Sec 25-20N-28E
568	Santa Fe Fee Sanders #2	NE/SW Sec 15-21N-28E
578	Szar State #1	NE/NW Sec 36-20N-27E
584	Santa Fe Fee Dreck #1	SE/SW Sec 25-20N-27E
592	Indian Allotted Merde #1	SW/SW Sec 30-20N-28E
596	Indian Allotted Mdrde #2	SW/SE Sec 30-20N-28E
599	Kiva Santa Fe Fee #2	NE/SW Sec 24-20N-28E
600	Santa Fe Fee Beacon #1	NW/SE Sec 29-20N-29E
601	Santa Fe Fee #1-11	NW/SE Sec 11-20N-28E

(3) THAT EASTERN PETROLEUM COMPANY has failed to comply with the orders of the COMMISSION.

(4) THAT UNITED STATES FIDELITY AND GUARANTY COMPANY is surety under United States Fidelity and Guaranty Bond No. 27716-13-3983-65 and, as such, guarantees compliance of EASTERN PETROLEUM COMPANY with the COMMISSION'S orders, rules and regulations.

(5) THAT, in order to prevent waste and to protect underground water stratas which have been penetrated by the above-identified wells, EASTERN PETROLEUM COMPANY should plug said wells in accordance with the Application to Plug as filed by EASTERN

PETROLEUM COMPANY with this COMMISSION as to each of the above-identified wells.

IT IS THEREFORE ORDERED:

(1) THAT EASTERN PETROLEUM COMPANY plug the following wells:

<u>PERMIT NUMBER</u>	<u>WELL NAME</u>	<u>LOCATION</u>
234	Ancon Santa Fe Fee #21	SE/NW Sec 31-20N-28E
536	Santa Fe Fee #24	1650 FNL-2640 FWL SE/NW Sec 24-20N-27E
537	Santa Fe Fee #21-1A	NW/NW Sec 31-20N-28E
560	Kiva Santa Fe Fee #1	NE/SW Sec 13-20N-28E
565	Santa Fe #6X-1	SE/NW Sec 25-20N-28E
568	Santa Fe Fee Sanders #2	NE/SW Sec 15-21N-28E
578	Szar State #1	NE/NW Sec 36-20N-27E
584	Santa Fe Fee Dreck #1	SE/SW Sec 25-20N-27E
592	Indian Allotted Merde #1	SW/SW Sec 30-20N-28E
596	Indian Allotted Merde #2	SW/SE Sec 30-20N-28E
599	Kiva Santa Fe Fee #2	NE/SW Sec 24-20N-28E
600	Santa Fe Fee Beacon #1	NW/SE Sec 29-20N-29E
601	Santa Fe Fee #1-11	NW/SE Sec 11-20N-28E

(2) THAT EASTERN PETROLEUM COMPANY commence the plugging operations on or before the 25th day of December, 1974 and complete said plugging operations as soon thereafter as is possible in accordance with reasonable and acceptable standards of the oil and gas industry.

(3) THAT any Certificate of Clearance or Certificate of Compliance which may have been issued to Eastern Petroleum Company

November 22, 1974

Mr. Dan LaBell
300 South Walnut
Carmi, Illinois 62821

Re: Eastern Petroleum Company Wells - Navajo Springs Area

Dear Mr. LaBell:

Attached are copies of Form 9, Application to Abandon and Plug, for Eastern's 13 wells in the Navajo Springs area. You will note that these applications were submitted by Eastern and approved by this office. Also attached are completion reports on 12 of the 13 subject wells. A completion report was never filed on one well.

We are also attaching tabulations on 24 of Eastern's 26 unplugged wells in this area. The remaining two wells, Eastern Santa Fe No. 13 located in Section 31-T20N-R27E and Barfoot No. 1 in Section 32-T20N-R27E are currently producing into Kerr-McGee's helium extraction plant. All figures and estimates on the tabulation were either submitted by Eastern or derived from information submitted by Eastern to this office.

Please notify this office prior to commencing any plugging operations. A representative from this office will witness the plugging of all wells.

Please advise if we can be of any further assistance.

Very truly yours,

W. E. Allen, Director
Enforcement Section

Gentlemen:

Attached please find a copy of Notice of Hearing wherein each of you is involved. Eastern Petroleum Company has been ordered to plug the wells listed in the Notice of Hearing and have failed to comply with the Oil and Gas Commission's orders.

Should Eastern Petroleum Company be ordered after the hearing to plug these wells and fail to do so, it will be necessary for the United States Fidelity and Guaranty Company to make good on their bond and see that the requested plugging is accomplished.

The hearings before this Commission are informal by nature and it is not necessary that appearance before this Commission be made by an attorney. Of course, you are free to use an attorney should you so desire.

Should you have any questions, please advise.

Sincerely,

John Bannister
Executive Secretary

The Attorney General
State Capitol
Phoenix, Arizona 85007

Attention: Mr. John McGowan
Special Assistant Attorney General

Dear Sir:

You are well aware that it has been necessary for this Commission to repeatedly request Eastern Petroleum Company to comply with our rules and regulations. Several times this Commission has found it necessary to request aid from your office to force Eastern to comply with certain of our rules.

Eastern has some 26 known unplugged wells in the Navajo Springs helium area that have been drilled over the past several years. Some of these wells have never produced and tests indicate them to be incapable of production. Other wells have produced but are presently shut-in for various reasons. Eastern has only two wells producing in this area at the present time.

On February 1, 1974 we advised Eastern and their bonding company, United States Fidelity and Guaranty, 456 North Meridian Street, Indianapolis, Indiana, that unless positive steps were taken to activate these wells, the Commission would of necessity order the wells plugged. A brief reply to the above letter was received by this office on February 19, 1974. It stated that the nonproducers would probably be plugged. After receiving this reply, Eastern was notified to submit Form 9, application to abandon and plug, certain of these wells for our approval. Following this interchange of correspondence, no further communication was received from Eastern. On April 12, 1974 Eastern, the bonding company and certain other interested partners were notified by registered mail of the necessity to plug a number of these wells. We received no response to this letter. On June 21, 1974, Eastern and the bonding company were notified by registered mail that a plugging program must be started by August 31, 1974. The original of this letter addressed to Mr. Henry Fullop, president of Eastern, was returned "unclaimed". Following the return of this letter, a copy was submitted to Eastern's Arizona statutory agent, the Prentice Hall Corporation, 550 West Washington, Phoenix, Arizona. On August 15, 1974, Mr. Fullop submitted a list of 13 wells that he proposed to plug. Our reply to this letter dated

Mr. John McGowan
October 29, 1974
Page 2

August 22, 1974, requested that application to abandon and plug the suggested wells be submitted immediately and plugging operations commence by September 30, 1974. We received these forms on September 3, 1974. After studying the suggested plugging program, the applications were approved and copies returned to Eastern on September 9, 1974. Following the return of these approved applications to abandon and plug, Mr. Fullop brought to this office a contractor he had supposedly engaged to perform the plugging operations. On September 19, 1974, Mr. Jess Edwards and an Eastern representative called and told me that the contractor that had been engaged was hesitant to do the work for fear of legal conflicts with Eastern's partners. Mr. Edwards was informed during this conversation that insofar as the Commission was concerned, Eastern and Eastern alone was responsible and the wells must be plugged by either Eastern or the bonding company. Since this conversation, we have had no further contact concerning this subject with Eastern. Eastern has, however, submitted copies of three letters that they have written to their alleged partners informing these people of the Commission's stand on this matter.

The above is a brief summary of our attempts to have Eastern Petroleum plug certain wells drilled for helium that are incapable of production in their present condition. The letter from Mr. Bannister that I left with you this morning states the desire of this Commission regarding the action that the Commission wishes to be taken.

We would appreciate a written reply informing us of the action you plan to take concerning this matter. If you need any further information, please call me at 271-5161.

Very truly yours,

W. E. Allen, Director

Phoenix, Arizona 85007

Attention: Mr. John McGowan, II
Special Assistant Attorney General

Re: Eastern Petroleum Company, Navajo Springs Area

Dear Sir:

Attached please find a schedule setting forth a list of wells by permit number, location, etc. All of these wells were drilled by Eastern Petroleum Company under U.S. Fidelity and Guaranty Company Bond No. 27716-13-3953-65. Also attached is the original bond, as captioned.

Eastern Petroleum Company has failed to comply with the Commission's request to plug thirteen wells, said wells being indicated by an asterisk on the schedule. At the regular Commission meeting of October 18, 1974, the Commission instructed me to request the Attorney General to institute a show-cause proceeding against Eastern Petroleum Company and their bonding company to accomplish plugging of these wells.

There are, in all likelihood, unknown principals, and the proceedings should be to such end to force disclosure of said principals and force their compliance with our regulations.

Should you need anything further, please advise.

Respectfully,

John Bannister
Executive Secretary

MEMO: John Bannister, Executive Secretary
FROM: W. E. Allen, Director, Enforcement Section
SUBJECT: Eastern Petroleum Company Operations - Navajo Springs Area

Mr. Fullop has informed me that prior to plugging certain wells in the Navajo Springs area, he needs approval from his partners. We have information that indicates his partners to be John F. Staver, Daniel L. Schwetz, Western Helium Corporation, Dr. C. F. Swain--operating as Crest Oil Company and, of course, Kerr-McGee is involved in the Navajo Springs Unit (Coconino). Eastern has two wells in the Navajo Springs Unit producing into Kerr-McGee's helium extraction plant. These two wells are Eastern Santa Fe No. 13 and Kerr-McGee Barfoot #1.

Of the 13 wells for which Eastern has submitted Applications to Plug and Abandon, none of these are in the Navajo Springs Unit and only three of these wells have ever produced. These wells produced into Western Helium's plant. This plant shutdown December 31, 1973 and no gas has been taken from any wells in this area since that date. The above mentioned partners with the exception of Kerr-McGee and Swain apparently have no interest in the Navajo Springs Unit.

The land owners or lessees of acreage on which these wells are located are Wayne Wallace, Spurlocks, Reece, Santa Fe Railroad and the State of Arizona. I have no knowledge of any other lessees or land owners.

Prentice Hall Corporation System is the statutory agent.

United States Fidelity and Guaranty Company is the surety.

Western Helium Corporation has been advised of the necessity to plug their Connelly #1 KM State, Permit #553, NE/NE Section 36-T20N-R27E, Apache County. This well is covered under Western Helium's bond of \$25,000. Travelers Indemnity Company is surety.

KERR-McGEE CORPORATION

ABANDONMENT OF SHUT-IN WELLS
NAVAJO SPRINGS UNIT
APACHE COUNTY, ARIZONA

This is in response to your letter dated September 10, 1974, which advised that the Arizona Oil and Gas Conservation Commission had requested abandonment of all shut-in wells within the subject unit. Kerr-McGee is of the opinion that these wells should not be abandoned at this time as they may be needed in the future as producing wells or for reservoir performance monitoring.

Mr. Bill Allen, with Arizona Oil and Gas Conservation Commission, indicated by telephone on September 23, 1974, that the Commission has given additional consideration to its request that the shut-in unit wells be abandoned, and will not require abandonment of these wells at this time. It is therefore recommended that abandonment of the shut-in unit wells be deferred indefinitely.

Very truly yours,

KERR-McGEE CORPORATION

Memo from W. E. Allen, Director
Enforcement Section

Memo to file
Eastern wells in Navajo Springs area

Jess Edwards called this date to say that he had run into some difficulty with the contractors that were to plug these wells. He said that Wayne Carr was hesitant to start plugging the subject wells without receiving an OK from all of Eastern's partners. Edwards said he was also contacting the partners to advise them that this Commission had ordered the wells plugged. He wanted to know if we could jointly order Eastern and partners to plug the wells. I was not sure about this and so informed him. I also told him that insofar as the Commission was concerned, Eastern was the owner of these wells and this Commission would hold Eastern and the bonding company responsible for the plugging, not the partners. I also told him that in my opinion if the Commission should continue to insist that the wells be plugged, their only recourse was to call a hearing and attempt to convince the majority of the Commission that this action was not necessary. If unable to do this, they could appeal the Commission's order to the Supreme Court. Eastern said they would attempt to get an agreement from the partners. He also promised to keep me informed.

Re: Apache County Wells

Dear Mr. Fullop:

We have your letter of August 15, 1974 together with a list of wells you propose to plug immediately. It is my opinion that if the list of wells, as submitted by you, are plugged very quickly that this operation will probably satisfy the Commission for the near future. Especially if there are plans to produce the remaining wells in the Navajo Springs area. The above statement cannot be taken as absolute, for I have been instructed by motion of the full Commission to order the plugging of all inactive wells in the Navajo Springs--Sanders area.

I talked with Mr. Noah Reynolds this morning. Mr. Reynolds informs me that final arrangements have not been made for him to undertake the plugging and abandonment of the 13 listed wells. As you know, prior to plugging a well the operator must submit Form 9, Application to Abandon and Plug, for the Commission's approval. Enclosed is a supply of these forms.

We will expect to receive a completed Form 9 for our approval on each of the 13 wells by September 4, 1974; and furthermore, the actual plugging operations must begin by September 30, 1974. If the above instructions are not complied with on a timely basis, this Commission will order the bonding company to plug all wells not now producing and operated by Eastern Petroleum Company in Apache County.

Mr. Henry Fullop
August 22, 1974
Page 2

This Commission must be notified prior to any plugging operations so we may have a representative present to witness the plugging. Your cooperation in this matter is urgently requested.

Very truly yours,

W. E. Allen, Director
Enforcement Section

Re: Apache County Wells

334-2867

Dear Mr. Allen:

We have made arrangements with Mr. Noah ^{Reynolds} Richards, Aztec, New Mexico, to salvage and plug the wells listed on the attached schedule.

Mr. ^{Reynolds} Richards has to fit this into his busy work schedule and it is possible that he may be unable to start until after the 31st. I understand that he will contact you in this regard.

The shut-in wells in the Navajo Springs Unit are not scheduled. I am sure the various owners of the Unit would not want to take such action now. It is entirely possible these wells may be required to sustain the normal take in the future. As you know the Spurlock case has cast, temporarily at least, a shadow over future operations, with the trial scheduled for 1975.

Yours very truly,

EASTERN PETROLEUM COMPANY

Re: The Prentice-Hall Corporation System, Statutory Agent for
Eastern Petroleum Company, P. O. Box 291, Carmi, Illinois

Gentlemen:

This Commission has requested several times to be advised of your plans for further operations on your unplugged wells in the Navajo Springs area.

Mr. Edwards submitted some Sundry Notices and Reports on Wells, Form 25, indicating that you planned to plug some of the wells. Some others were to be transferred to Dan Schwetz. Still others, some of which have never produced commercially, apparently were to maintain their present status.

You are aware that several wells in this area have never indicated any ability to produce and others that are carried as shut-in helium wells have never produced commercially and no attempt to produce some of these wells was ever made.

At a meeting of the Commission on this date we were instructed to direct you to properly plug, by August 31, 1974, all wells in this area not now producing. Prior to plugging any well, the plugging program must be approved by the Commission and all operations relating to the plugging and abandonment will be witnessed by a member of the Commission staff.

Within this time frame, this Commission will consider any feasible plan that you might have to place whatever wells that are capable of producing back on production.

Very truly yours,

W. E. Allen, Director
Enforcement Section

Re: Navajo Springs Area

Dear Mr. Fullop:

We have received Mr. Edward's letter dated March 12, 1974 together with Form 25, Sundry Notice and Reports, on 16 wells in the Navajo Springs area. We are aware that a number of your wells are in the Navajo Springs Coconino Unit. According to our records, several of the wells that are in the Unit have never produced except during testing and are being carried as shut-in helium wells. A number of wells outside the Unit have never produced, and your completion reports indicate the production on the potential test to be zero or TSM. Other wells have been taken off production for various reasons.

The possibility of some of these wells ever being produced commercially again appears negligible. As you know, Western Helium has not taken gas from your wells since December 31, 1973. This company is now in the process of dismantling and moving their plant out of the area. There is a possibility that Kerr-McGee might arrange to take gas from some of the wells in the Navajo Springs Unit as they are now doing from your Santa Fe No. 13 and Barfoot.

It is the opinion of this Commission that all non-commercial wells in the Navajo Springs area, whether in the Unit or not, should be permanently plugged and abandoned as quickly as possible. These wells would include, within the Navajo Springs Coconino Unit, the Crest Santa Fe No. 2, Santa Fe Nos. 31 and 32, and the Reese No. 2. No production has been reported from any of these wells. Also to be plugged should be your Ancon Santa Fe Nos. 21 and 21-1A, Connelly KM State No. 1, Merde No. 1 and all the non-producers that have been drilled within the past three years. Your Merde No. 2 must be plugged immediately. The hole in the casing at approximately 750' has never been repaired and the well is flowing water. Also your Dreck No. 1 has been reported plugged and abandoned, a copy of your plugging report is attached. It is possible that this well has been partially plugged, however there is definitely no plug in the top of the casing and fluid is several hundred feet from the surface. The dry hole marker was never installed. It is on

Mr. Henry Fullop
April 12, 1974
Page 2

location but the casing had a bucket inverted over the open end. The hole you drilled on the original location for the Chambers No. 1 for a "water well" is open with wire line and other junk around the open hole. Mr. Tom Pelton, the owner or holder of the surface rights of the land on which the two Chamber holes are located has expressed the desire to assume responsibility of both the holes for water wells. Mr. Pelton's address is P. O. Box 7, Sanders, Arizona 86512, phone: (602) 688-2930. Our Form No. 24, when executed by Mr. Pelton, will satisfy our requirements. Also Wayne Wallace has some interest in some of the holes on his place for use as water wells.

Recently we found a well some 700' + in a northerly direction of the Merde No. 2, a copy of a photograph is attached. We have no records of a well being drilled at this location. Any information that you could give us on this well would be appreciated. It is being used as a water well.

Either Mr. Bannister or myself will be happy to discuss the above mentioned situation with you. However, we are determined to have the existing conditions in the area brought into complete compliance with the rules and regulations of the Oil and Gas Conservation Commission in the very near future.

We would appreciate your thoughts on the above.

Very truly yours,

W. E. Allen, Director
Enforcement Section

Re: ~~All Wells Covered Under U.S.F.&G. Bond No. 27716-13-3983-65, \$25,000~~

Dear Mr. Fullop:

This office has just learned that as of January 1, 1974, Western Helium Corporation is no longer taking field gas from any of your wells in the Navajo Springs area. A recent check of wells that have been producing reveals all of the wells operated by you were shut-in except your Santa Fe Fee #13. The gas from this well is taken by Kerr-McGee.

Since all wells operated by you except the above mentioned Santa Fe Fee #13 are shut-in, it is necessary that you inform this Commission immediately of your plans for the future concerning all the non-plugged wells in this area. According to our records and information submitted to this Commission by your company, many of these non-plugged wells have never produced and several that have been completed in the past couple of years are presently not capable of producing. Unless you have plans to reactivate the wells in this area, this Commission will of necessity order all wells plugged and abandoned.

Again we urge you to advise this office of your plans for this area immediately.

Very truly yours,

W. E. Allen, Director
Enforcement Section

Dear Mr. Fullop:

No action of any kind has been reported on the above referenced wells for quite some time. We have completion reports for some of these wells, but no production has been indicated. Others are carried in a temporarily abandoned status.

Page 2
Robert Fullop
June 13, 1973

Please refer to our letter of October 26, 1972 by which you were advised that the Commission would require a semi-annual report listing the present status of subject wells and also any plans that you might have to complete, re-complete, workover, or plug said wells. Also note that the previously mentioned letter indicated the first semi-annual report would be due June 1, 1973. Please submit this report on form 25, Sundry Notices and Reports on Wells, immediately.

Very truly yours,

W. E. Allen, Director
Enforcement Section

November 3, 1972

Mr. Robert Fullop
Eastern Petroleum Company
P. O. Box 226
Farmington, New Mexico 87401

Re: Santa Fe Fee No. 1-11
NW/SE Sec 11-T20N-R28E
Apache County
Permit No. 601

Dear Mr. Fullop:

Enclosed please find Receipt No. 2937 covering the \$25 filing fee, a copy of your approved Application for Permit to Drill and Permit to Drill No. 601.

Please note that the well has been designated as Eastern Petroleum Company Santa Fe Fee No. 1-11. The "11" has been added to avoid confusion. Since you have previously drilled a Santa Fe Fee No. 1.

Very truly yours,

W. E. Allen, Director
Enforcement Section
