- General Notes**
1. Corner and interior section lines shown as approximate were not surveyed in the field.
 2. The well location shown herein was set of distance and bearing perpendicular to the metes and bounds of the survey. The elevation shown at the well set was taken from the Town of Liberty, Quadrangle 185, 186, 187.
 3. The location of T. S. R. is shown herein as approximate.
 4. All corners set on this survey are stamped. It is noted in addition to other required information stamped on the corners.
 5. All corners shown on this plat were included in closed traverses. Accordingly, no statement about relative survey accuracy can be made. Distances were measured by EDM equipment, angles were measured with a 1 second theodolite.

This is to certify that this plat was prepared from field notes or other data made by me or under my supervision and that the same is true and correct to the best of my knowledge and belief. This does not, however, purport to verify ownership of property shown on this plat or involved in this survey.

Statements should be determined by owners attorney or other representative.

Attention: Mr. Clyde G. Pearce

Gentlemen:

Wichita Industries Well #Federal 1-11

Wichita Industries Well #Federal 1-13

We are returning a copy of application to drill for each of the above referred locations. Please refer to Rule 105, Section A, of the rules and regulations of this Commission. This rule stipulates that for each oil well location there must be 80 contiguous acres dedicated to the well. Your application indicates that you are only dedicating 40 acres for each of these wells.

As soon as we have received the corrected applications to drill, the permits for these wells will be issued.

Very truly yours,

William B. Allen
