Dear Mr. Whittaker,

Due to the present status of our drilling plans for permit #701, we are at this time requesting the return of drilling bond, \$5000 cash.

We are hopeful of more definite plans in the near future and will reapply for a permit at that time.

Pemex has moved an offshore rig into the extreme northern Gulf of California. The results of this test will affect exploration thinking for the entire area including south of Yuma.

I want to thank you for all of your courteous treatment.

Yours truly,

Dear Joe:

I am returning your application to drill, together with your check and certificate of deposit, for the following reasons:

1. Your application to drill doesn't show the well location footage from section lines, see red check mark. You failed to indicate your casing program on the reverse side of the form.
2. The well location plat, apparently completed by Thomas A. Yowell, is in pencil. This must be in ink and, another thing, if Mr. Yowell is a registered surveyor, he has a seal which will indicate such, together with his registration number. The impression of his seal must be on the submitted plat.
