This publication contains an Adobe Illustrator V.5.0 graphics file representing Arizona Geological Survey Map 35 [Richard et al., 2000]. This graphics file was prepared to print Map 35, a 1:1,000,000 geologic map of Arizona. The colors do not necessarily correspond to those on the published 1:1,000,000 map. The shaded relief base map is not included in this publication, and the collar text from Map 35 is not included. The text file 'Map35 MapUnits' contains the description of map units from Map 35. It is included as both a Microsoft Word2000 document and an Adobe Acrobat (.pdf) document.
