Title

Mason Coggin mining photo collection

Repository

Arizona Geological Survey

Creator

Coggin, Mason

Date Min      Date Max

1890            1953

Type            Size

Collection     210 photographs

Description

Mason Coggin was director of Arizona Department of Mines and Mineral Resources during the mid 1990s. These images were either shot by or collected by him. The newest photo showing a date is from 1953, but some photos were clearly taken as late as the 1970s or 1980s. Perhaps better than any other photo collection from ADMMR, this collection focuses on miners, mines, machinery and buildings. There are several images of the Bisbee and Ajo areas.

Subject

Mines and mineral resources--Arizona; Geology--Arizona; Mine buildings; Miners; Mining machinery

Acquisition

The collection was acquired during Coggin's tenure at the Arizona Department of Mines and Minerals. The Arizona Geological Survey received it from ADMMR in 2011 when it took custody of the agency's records.
