

Plate 1. Extent of Inundation During Some Large Floods on the Lower Santa Cruz River

EXPLANATION:

-  Extent of 1914-1916 flood inundation; mapped by Smith (1938; 1940)
-  Extent of 1983 flood inundation; mapped by Roeske et al (1989)
-  Partial extent of 1977 flood; mapped by Aldridge and Eychaner (1984); shown only to depict likely route of 1983 flood where it was uncertain; elsewhere, 1977 flood was well within the limits of the 1983 flood
-  Trace of the Santa Cruz River and boundaries of the Santa Cruz flats from the General Land Office Surveys, late 1800's
